

Items to add to the Glossary:

Certificate of Attainment: A certificate of attainment is a state-endorsed credential based on specified criteria given to students who have completed local and/or state requirements but who do not yet qualify for the high school diploma. Students who earn the state-endorsed credential have made a good faith effort to meet the local and/or state standards in education. Such students will have completed all local and/or state graduation requirements, including attendance, course completion, and satisfactory grades.

Academic Plan: A written plan provided to the student that, if followed, will ensure that the student is able to meet the institution's satisfactory academic progress requirements by a specific point within the maximum timeframe. For example, the institution must identify specific academic and/or attendance requirements that must be attained by a certain point.
