2005-2006 Annual Report Verification Study

COHORT 3 GRID (for calculating the licensure rate)
Graduates, no matter what year they graduated, who
Sat for the licensure examination for the first time in 2005

Instructions

1. List, in alphabetical order, all graduates from your institution (no matter what year they graduated) who sat, for the first time in 2005, for the final portion of the exam needed for licensure in your state. Count the graduates listed and enter this number in item 6 of the 2005-2006 Annual Report Worksheet.

2. For each section of the exam that applies, indicate P (for pass) or F (for fail) and the year the graduate sat for that portion of the exam for the first time. In the examples, Mindy Alexander and Joan Calderon would count as "passed" in 2005, but Helen Brandywine would count as a "fail". This is because, in 2005, Mindy and Joan both sat, for the first time, for the final part of the exam needed for licensure and both had passed both parts by the end of 2005. Helen sat for both parts, for the first time in 2005, but failed one part, so counts as a "fail."

Count the number of examinees who had passed all required portions of the examination by the end of 2005. Enter this number in item 7 of the Worksheet.

Name of Graduate	Written Exam (National)	Written Exam (State)	Practical Exam
Example: Alexander, Mindy	F-2004 P-2005	(None in this state)	P-2005
Example: Brandywine, Helen	F-2005 P-2006		P-2005
Example: Calderon, Joan	P-2005		P-2005

Name of Graduate	Written Exam (National)	Written Exam (State)	Practical Exam

Make copies of this Grid as needed. If you are able to produce the same information with a computer report, that is acceptable also.
